Subject: FW: Conference call - DuPont and Chemours
Attachments: 2016 DuPont Order DRAFT 4-6-16.docx

Importance: High

All – as indicated below, Andy and I are scheduled to talk to counsel for DuPont and Chemours (note Chemours has hired outside counsel) on Monday from 3-4 pm Eastern. OGC and OECA attorneys – please let me know if you want to join our call, so that I can inform the parties as to EPA's participants.

Karen, Roger, Heather, and Tom – you should feel free to send this draft to our state partners. We will need letters from our states for our AR prior to finalizing our Order.

Thanks-Jacquie

All – I have secured a conference line for Monday from 3-4 pm Eastern. Attached is a draft Order on Consent under Section 1431 of the Safe Drinking Water Act for your review prior to our discussion on Monday. Given that our conversation will not occur until Monday afternoon, we think providing a draft today will allow us to have a more productive call.

Steve and Bradley – in follow-up to my voicemails to you both, and as EPA Regions 3 and 5 previously discussed with you separately in February, we have prepared and are ready to provide to DuPont and Chemours a draft Order on Consent under Section 1431 of the Safe Drinking Water Act to supersede the March 10, 2009, Order on Consent with DuPont. Andy Duchovnay, Region 3 attorney, and I would like to speak with you both today or tomorrow to talk through some of the terms of the draft Order in advance of providing the draft to you for review. EPA would like to proceed quickly with discussions about the draft Order, as we continue to anticipate our Office of Water will release a final Health Advisory for PFOA and PFOS this spring. Please let me know of your availability for a call.

Thank you,
Jacquie
